

Apple Pay set up -

- On an iPhone, open the Wallet app and tap the plus sign. From there, follow the onscreen instructions.
- On an Apple Watch™, open the Apple Watch app on your iPhone and select “Wallet & Apple Pay™”, then tap “Add Credit or Debit Card. From there, follow the onscreen instructions.
- On an iPad, go into Settings, open “Wallet & Apple Pay™”, and select “Add Credit or Debit Card.” From there, follow the onscreen instructions.

How to pay using Apple Pay -

- To pay within stores, hold iPhone® near the contactless reader with your finger on Touch ID™
- On Apple Watch™ just double-click the side button and hold the display of your Apple Watch up to the contactless reader.
- To pay within apps on iPhone and iPad® select Apple Pay as the payment method and place your finger on Touch ID.

Samsung Pay set up –

- Make sure your compatible Samsung device* is updated with Samsung Pay
- Take a picture of your CNB Visa with your device’s camera
- Secure it with your fingerprint and backup PIN and you’ll be ready to go

Visa - Apple Pay / Samsung Pay accepted at merchants where you see either of these icons:
